

## Grade One Reading Lists

The suggested books on this list are ones to be enjoyed by you and your child. These read-aloud books are a mixture of traditional and contemporary fiction as well as informational books about topics of interest to many children, such as trucks and bugs.

Not all of these will become favorites of every child. Let your child help select books and build on his or her interests. Remember, on any day on which you and your child read, please make a notation on the summer reading calendar. The books read do not need to be from this list—just use it as a starting point for summertime reading fun.
