

Name: _____ Date: _____

Wiggly - Jiggly Jello

Directions: In a moment you will read an article about Jello and how it is made. But before you do that you need to fill in the first 3 boxes: what you know, what you think you know, and what you think/want to learn. After you read the article you should fill in the final 3 boxes: what you learned, what surprised you and what you want to know more about.

Before Reading:

1. What I know I know:

2. What I think I know:

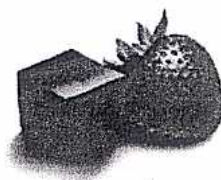

3. What I think I will learn: (be specific - don't tell me "how jello is made")

After reading:

4. What I know I learned:

5. What surprised me:

6. What I want to know more about:

Wiggly - Jiggly Jello

Directions: In a moment you will read an article about Jello and how it is made. But before you do that you need to fill in the first 3 boxes: what you know, what you think you know, and what you think/want to learn. After you read the article you should fill in the final 3 boxes: what you learned, what surprised you and what you want to know more about.

Before Reading:

1. What I know I know:

Jello is sold in a box

2. What I think I know:

Gelatin is made from ground horse hooves.

3. What I think I will learn: (be specific - don't tell me "how jello is made")

what jello really consists of.

After reading:

4. What I know I learned: (5)

- The first patent for a gelatin dessert was issued in 1845.
- Gelatin is produced by boiling the connective tissues, bones, and skins of animals.
- Today, 400 million packages of Jell-O are produced each year.
- Production slowed down when (BSE) was found in cows.
- Beef sources carry more of a risk than those from pork.

5. What surprised me: People killed their animals to make gelatin. People still eat Jell-o today.

6. What I want to know more about:

How many Jello factories are in Pennsylvania.
